7	Current Affairs	25	33
8	India Year Book	2	2
9	General Knowledge	2	3
TOTAL		77	100

Our Analysis of Our Performance:

Though the overall performance of CRACKIAS Prelims Notes is good, we have missed few questions from HISTORY, CURRENT AND ENVIRONMENT.

Most of the Missed Questions from Current and Environment do not belong to last year's current affairs, but to 2016.

We have revised our strategy for Current Affairs including Environment to include important things of last 2 years so that in 2019 you do not miss even a single question from these areas.

As far as History is concerned, we are revising the whole strategy for history and promise that you will be able to attempt more than 90% Questions from History in 2019
